

Innovacc

Catalan meat and alternative protein cluster

INNOVACC is a business association that aims to strengthen the competitiveness of companies through innovation and cooperation.

The entity is formed by a group of companies and institutions that come together voluntarily and freely to achieve, without profit, a purpose of general or particular interest with the desire to pool their knowledge, activities and / or financial resources. The association is autonomous, has its own personality and its internal organization and operation must be democratic, with full respect for pluralism.
